

*Are you an evaluator who is interested in obtaining your CE and looking for more information, or a bit of help?*

*Have you started the CE application process but feel stuck?*

# APPLICATION CLINIC: CREDENTIALLED EVALUATOR APPLICATION SUPPORT INITIATIVE

Featuring facilitator Russell Graham, MBA, CMC, CE

**TUESDAY JUNE 12, 2018**  
6PM TO 8PM

Clinic participants are requested to begin their CE application process through the link on the CES website - <http://www.evaluationcanada.ca/> in advance of this clinic. Please refer to the CES Professional Designations Program Applicant Guide, located at: [https://evaluationcanada.ca/sites/default/files/5\\_pdp\\_applicant\\_guide.pdf](https://evaluationcanada.ca/sites/default/files/5_pdp_applicant_guide.pdf) for more information on the application process.

During this CE application clinic, participants will work on one or more narrative sections of the application form, with the support of Russell Graham. Ideally, participants will have started to work on their narrative statements in advance of the clinic but it is not necessary.

Please bring a laptop and any materials needed to work on your application.

This CESBCY event is part of a series designed to help support evaluators through the CE designation application process. The CE Application Support Initiative will take place over several months, beginning with this application clinic and followed up with regular virtual meetings to check in, ask any questions and receive support from Russ and other participating applicants.
