

Want to transform your reports and make your findings easier to use?

CESBC is pleased to offer the **best ever** workshop on data visualization! Come and learn some data visualization wizardry.

Effective Data Visualization

Monday January 21, 2019
9:00 a.m. – 4:00 p.m.

Segal Conference Room
SFU Harbour Centre
515 W Hastings St, Vancouver, BC

Bring your laptops!

You will learn the science behind presenting data effectively. You will go behind-the-scenes in Excel and discover how each part of a visualization can be modified to best tell the story from a particular dataset.

Three lucky attendees will be selected for free enrollment in the Evergreen Data Academy.
