

## Evaluation Matching Service

Seeking Evaluation Coaches

British Columbia Chapter  
Canadian Evaluation Society

- Do you want to support the development of the next generation of evaluators?
- Do you want to help bring evaluation to organizations who need it but can't afford it?
- Do you want to expand your supervision and mentorship practices to new professionals?

The Canadian Evaluation Society BC Chapter is offering its **Evaluation Matching Service** again this year which will bring new and emerging evaluators in need of hands-on experience together with BC organizations in need of accessible evaluation services. New evaluators will carry out projects under the supervision and guidance of experienced evaluators (like you!).

### ***We are looking for experienced evaluators who:***

- Have at least 10 - 15 years of full-time evaluation experience or equivalent.
- Are able to dedicate 5-10 hours to the project over a 3-6 month period.
- Are current CES members.
- Previous experience in mentor/supervisory/teaching roles preferred but not required.

### ***We ask that our coaches:***

- Give advice and guidance to a small team of 2-3 novice evaluators on how to plan and/or carry out an evaluation project that meets the needs of the participating organization.
- Provide oversight and troubleshooting as needed
- Complete a short survey on your experience at the mid-point & end of the project.

### ***In return you will get:***

- Connections with new and emerging evaluators
- Supervision and mentorship experience.
- An opportunity to bring evaluation to underserved organizations.
- Volunteer hours that will count toward Credentialed Evaluator designation maintenance.
