

## Evaluation Matching Service

Seeking Non-Profit/Public Sector Organizations

British Columbia Chapter  
Canadian Evaluation Society

Are you a non-profit or public sector organization in BC, in need of evaluation but lack the capacity or resources to do evaluation? Do you want to know if your programs are making a difference? Do you want to better communicate your evaluations to key decisions makers? Do you want to set up data collection systems to more easily provide you with key information about your programs? Would you like to access free evaluation services and help to support the development of the next generation of evaluators?

The Canadian Evaluation Society BC Chapter is offering **Evaluation Matching Service** again this year which will bring new and emerging evaluators in need of hands-on experience together within BC (like yours!) in need of accessible evaluation services. New evaluators will carry out projects under the supervision and guidance of experienced evaluator coaches.

### ***We are looking for non-profit or public sector organizations:***

- With limited capacity or resources to meet evaluation needs.
- With a program (service, policy, initiative or project) at any stage in its life cycle that would benefit from evaluation services.
- With projects that can be initiated by **March 01, 2019** and will be scoped to be completed within 3-6 months.

### ***You will be asked to:***

- Sign a letter of agreement acknowledging the roles and responsibilities of each party and agreeing to treat the evaluator(s) and coach as volunteers for your organization.
- Engage in initial discussions with the volunteer evaluator(s) and coach to determine the scope of the evaluation project and develop a work plan.
- Work with the volunteer evaluator(s) throughout the evaluation by having regular meetings, providing data and documentation in a timely manner, providing feedback and input on progress.
- Complete a short survey on your experience at the mid-point and end of the project.

### ***In return, you will get:***

- A completed evaluation project that meets your evaluation needs - Projects could involve: needs assessments, literature reviews, development of a theory of change and/or logic model, development of an evaluation plan, development of data collection tools, data collection and analysis, the completion of an evaluation, or other evaluation-related services.
- Experience working with evaluators and increased organizational capacity to engage in future evaluation projects.
- An opportunity to contribute to the development of emerging evaluation professionals.
